

MC.VET project: Microcredentials - A New Path for Capacity Building in VET

Date: 15. 9. 2025

Invitation

On behalf of the project "Microcredentials - A New Path for Capacity Building in VET" (MC.VET), funded by ERASMUS-EDU-2022-CB-VET, project number 101092464 – MC.VET, we invite you to participate in a national peer-learning event – expert discussion on the topic of Microevidences in Slovenia

'Microevidence' - developments, challenges and opportunities in the vocational and technical education.

An expert discussion will be organized at the location

Institute of the Republic of Slovenia for Vocational Education and Training (CPI),

Kajuhova ulica 32U, 1000 Ljubljana,

congress hall on the ground floor,

Friday, 26th September 2025 at 9:00 a.m.

The meeting will be aimed at presenting current developments and experiences in the field of microevidences in Slovenia, with an emphasis on the involvement of schools and their partners from the economy in projects for the development of short training programmes. Particular emphasis will be placed on issues of quality, placement in qualifications frameworks and linking microevidences to labour market needs.

At the meeting, we will also present the adoption of new legislation in the field of higher education, which for the first time systematically regulates microevidence in this area, and open a discussion on possible solutions for the field of vocational and technical education.

We will present a training program for obtaining the microevidence **Making simple products with 3D printing.**

The event will include a roundtable with guests from schools and business who will present their experiences with the development and introduction of microevidences in collaboration with employers. Participants will have the opportunity to ask questions and participate in the discussion.

More information: Tomaž Pintarič, e-mail: tomaz.pintaric@sc-nm.si, phone 041 562 478.

We look forward to meeting you.

Tomaž Pintarič
