

CAD SLOVENIJA 2014

Friday, 9th May 2014

The timetable:

10.00 – 10.10	assembly / arrival
10.10 – 10.30	the opening ceremony and the drawing of the numbers to determine the place of work
10.35 – 10.55	the adjustment of the working environment in AutoCAD for the competitors (AutoCAD version 2013)
11. 00 – 12.00	competition lunch for the mentors, meeting the teachers
12.00 – 14.00	lunch for the competitors, a sightseeing tour of Novo mesto the assessment of the tasks / projects
14.00 – 15.00	the results of the competition and the awarding of prizes

Guidelines for the teams (mentors):

- Upon arrival our students will welcome you at the entrance to the Centre of Secondary Schools and you will be accompanied to the classroom number 25.
- Prior to the competition there will be the drawing of the numbers in order to determine the place of work for the participants. Each competitor will be given a code.
- The rules of the CAD Olympics apply.
- The assignments are assessed by a panel of judges – mentors from each team.
- The main criterion is the completeness and the accuracy of the technical drawing.
- If there are two technical drawings of equal quality, the priority is given to the participant who completed the task in a shorter period of time.
- The ruling of the panel is final.

Mirko Gorenc,
organizer of the competition

Biljana Bahat Vovk, MA,
the principal
